TAX AND ASSESSMENT INFORMATION

ASSESSED VALUES

Property subject to general property taxation in Fresno County is assessed at its full cash value. Section 2 of Article XIII A of the California Constitution states that full cash value means the County Assessor's valuation of real property as shown on the 1975-76 tax bill under "Full Cash Value" or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment. All real property not already assessed up to the 1975-76 full cash value may be reassessed to reflect that valuation.

EQUALIZATION

A reduction in an assessment on the local roll shall not be made by the County Board of Equalization unless the party affected or his agent makes and files with the County Board of Supervisors a verified, written application showing the facts claimed to require the reduction and the applicant's opinion of the full cash value of the property. The application shall be filed between July 2nd and September 15th each year (Section 1603, R & T Code).

Locally, an Assessment Appeals Board acts as the County Board of Equalization to equalize the assessment of property on the local roll. The Assessment Appeals Board meets periodically until the business of equalization is completed (Section 1604, R & T Code).

LIEN DATE

Except as otherwise specifically provided, all tax liens attach annually on January 1st at 12:01 A.M., preceding the fiscal year for which the taxes are levied (Section 2192, R & T Code).

SECURED TAXES

Taxes on secured property are payable in two equal installments. The first installment is due November 1st each year and, if unpaid, is delinquent December 10th at 5:00 P.M.; thereafter a delinquent penalty of 10 percent is attached to it (Section 2701 & 2704, R & T Code).

The second installment is due February 1st each year and, if unpaid, is delinquent April 10th at 5:00 P.M.; thereafter a delinquent penalty of 10 percent is attached to it (Section 2702 & 2705, R & T Code). If December 10th or April 10th falls on Saturday, Sunday or a legal holiday, the time of delinquency is 5:00 P.M. on the next business day (Section 2705.5, R & T Code). After the second installment is delinquent, the Auditor- Controller/Treasurer-Tax Collector will collect a cost of \$10.00 for preparing the delinquent roll and publishing a delinquent list (Section 2706, R & T Code). Taxes due on property acquired by public agencies, such as the federal, state or local government, will be prorated to the date of acquisition by such public agency (Section 5081 through 5091, R & T Code).

UNSECURED TAXES

Taxes on unsecured property are due on the lien date (Section 2901, R & T Code). The unsecured property tax rate to be used is the rate for property of the same kind on the secured roll last fixed before the lien date for the taxes to be collected (Section 2905, R & T Code).

Taxes on the unsecured roll as of July 31, if unpaid, are delinquent at 5:00 P.M., or the close of business, whichever is later, on August 31 and are thereafter subject to a delinquent penalty of 10 percent. Unsecured taxes remaining unpaid at 5:00 P.M., or the close of business, whichever is later, on the last day of the second month after the 10 percent penalty attaches shall be subject to an additional penalty of 1 1/2 percent attaching on the first day of each succeeding month on the amount of the original tax. In addition to the penalties imposed by this section, the tax collector may collect actual costs of collection incurred by the county up to the time the delinquency is paid (Section 2922, R & T Code).

TAX RATE

In accordance with Section 29100 of the Government Code, tax rates shall be adopted on or before the first business day of September of each year. The Board of Supervisors adopted the Fresno County 2005-2006 tax rates on August 30, 2005.

2005-2006 TAX LEVIES PURSUANT TO THE GENERAL TAX APPORTIONMENT PROCESS

Various agencies within Fresno County will receive their portion of the \$1.00 general County tax rate for fiscal year 2005-2006 pursuant to provisions of Assembly Bill 8 (Statutes of 1979) and Senate Bill 180 (Statutes of 1980).

SUPPLEMENTAL ASSESSMENTS

Chapter 3.5 was added to part 0.5 of Division 1 of the California Revenue and Taxation Code. This chapter is titled "Change in Ownership and New Construction After the Lien Date." It provides for supplemental assessments to be added to a supplemental roll whenever new construction is completed and whenever real property changes ownership. This real property is to be appraised as of the date of the event (i.e. Change in Ownership or Completion of Construction); and, if the event takes place between January 1st and May 31st inclusive, then there will be two supplemental assessments. Those events occurring between June 1st and the last day in December inclusive will generate only one supplemental assessment. Further, whenever a property changes ownership more than once during an assessment year, or, whenever there are multiple completion dates for new construction during an assessment year or combination thereof, only a value difference between the new base year value and the latest supplemental assessment within the fiscal year may result in an additional supplemental assessment (Section 75.11, R & T Code).

The various taxing agencies within Fresno County, with the exception of public schools, will receive their portion of the 2005-2006 taxes generated from the supplemental roll pursuant to the provisions of the Assembly Bill 8 process, while public schools will receive their portion of the taxes in relation to their "Average Daily Attendance."

UNITARY AND OPERATING NON-UNITARY PROPERTIES

The State Board of Equalization's Utility Roll is comprised of State assessed properties of regulated public utilities and companies such as telephone and gas companies. Basically, there are three classes of property each utility can have: unitary, operating nonunitary, and nonoperating nonunitary. Effective with the 1988-89 Fiscal Year and fiscal years thereafter, Assembly Bill 454 changed the method by which the property tax on unitary and operating nonunitary properties are charged to utility companies and subsequently allocated to taxing entities. Generally, these changes have had a minimal affect on the property tax levies of most taxing entities, with a potentially greater affect on those entities with a substantial amount of unitary and operating nonunitary assessed value.

AB 454 consolidated the assessed value of unitary and operating nonunitary properties into one tax rate area rather than several hundred tax rate areas as was the case prior to AB 454. AB 454 has made it impossible to identify the assessed value of unitary and operating nonunitary assessed values of taxing agencies. Consequently, your agency may have experienced a dramatic drop in State Board Utility Roll assessed values as of 1988-89. However, AB 454 provides a formula for the distribution of unitary and operating nonunitary taxes to taxing agencies generally based on what they have received from these properties in the prior fiscal year.

NEGATIVE TAX RATES

Taxing entities currently are required to return general property taxes (Proposition 13; 1 percent related) via a credit on the property tax bills primarily under the following two conditions:

1. The entity opted to set benefit assessments in lieu of receiving 1 percent related property taxes.
2. The entity exceeded its Proposition 4 spending limitation under Article XIII(B) of the Constitution, whereby the agency has two years from the year the excess occurred within which to return the excess to the taxpayers within its jurisdictional boundaries.

Section 96.8 of the R & T Code prescribes the method by which the tax bill credit is to be applied.
